CC Docket No. 02-6

This letter is being sent as an appeal as a **Request for Review** of a decision made by the SLD in a letter dated 3-22-05 to deny Form 471 Application #419361, FRN #s 1155676, 1155686, and 1155694 for funding year 2004. We never received this letter and were not aware of the denial until contact with our omnibudsman, Bob Spiller on June 23, 2005 and he emailed to us an electronic copy of the SLD's denial letter.

The FCDL rejected the entire Form 471 application since the FRN 1155694 was a "bidding violation" which tainted the entire application and resulted in the denial of the entire application. We agree that FRN 1155694 was in error and should not have been included on the form. However, we are requesting that the part of the application that was not in violation and meets all SLD requirements be approved. Specifically, we are requesting approval of the other two FRNs, #1155676 for \$1,451.22 for Twin Cities Academy's local telecommunications coverage and #1155686 for \$100.68 for their long distance coverage on this denied Application #419361 since they were not in violation.

For these two FRNs, the service providers are Qwest and MCI. We are the billed entity. Our Billed Entity # is **151067** and our Billed Entity Name is **Telecommunications Division, Dept of Admin, State of MN** on this application. (NOTE: As of 7-1-05 our organization name has changed to Office of Enterprise Technology.) We are not a service provider for telecommunications services and act on behalf of consortium members, including the aforementioned school and library. Each submitted a Letter of Agency to authorize us to act on their behalf for procurement of telecommunications services only. We are the "customer of record" with the service providers above and are billed on behalf of the school/library consortium members. We use state contracts and have a strict bidding process as required by state law.

We believe that the policy of rejection of an entire Application consisting of many FRNs, if one of the FRNs is denied or in error, is bad policy. It will result in users only putting one FRN on each Application in order to minimize their risk. This will result in the amount of Applications sent to the SLD to double or triple for the same requests. This creates more work and more costs for the SLD as well as the applicants.

Administrator's Decision on Appeal – Funding Year 2004-2005

Re: Applicant Name: STATE OF MINN ADMIN TELCOM
Billed Entity Number: 151067
Form 471 Application Number: 419361
Funding Request Number(s): 1155676, 1155686, 1155694
Your Correspondence Dated: January 05, 2005

After thorough review and investigation of all relevant facts, the Schools and Libraries Division (SLD) of the Universal Service Administrative Company (USAC) has made its decision in regard to your appeal of SLD's Funding Year 2004 Funding Commitment Decision Letter for the Application Number indicated above. This letter explains the basis of SLD's decision. The date of this letter begins the 60-day time period for appealing this decision to the Federal Communications Commission (FCC). If your Letter of Appeal included more than one Application Number, please note that you will receive a separate letter for each application.

Funding Request Number(s): 1155676, 1155686, 1155694
Decision on Appeal: **Denied**
Explanation:

- On appeal, you seek reversal of the SLD decision to deny the funding request where the selected service provider was an ineligible telecommunications provider. In support of your argument, you affirm that an error was made in the service classification as such the voice mail service should have been filed under Internet Access not Telecommunications.
- Upon review of the appeal and the relevant supporting documentation, it was determined that the name and address on the FCC Form 470 filed by the Telecommunications Division, Department of Administration State of Minnesota is the same as that of the Applicant and Service Provider for FRN 1155694. The contact name and telephone numbers are also the same for both the Applicant on the FCC Form 471 and Service Provider FCC Form 498. Consequently, it implies

that Telecommunications Division, Department of Administration State of Minnesota was improperly involved in the competitive bidding and vendor selection process. During Appeals review, SLD contacted you to inquire about your involvement with the Consortium and the service provider. You were also asked who the bidders would contact if they were interested to bid on the Form 470 services. In a response dated March 13, 2005, you state that all bidders would contact you since you are the E-rate contact as of June 2003. This confirmation re-affirms the bidding violation already identified during the application review. On appeal, you have not shown that SLD's determination was incorrect or that any such involvement was vendor neutral.

- SLD denied your funding request(s) because it determined that service provider contact information was on the Form 470 associated with the funding request(s). In your appeal, you have not shown that SLD's determination was incorrect. Consequently, SLD denies your appeal.
- FCC rules require applicants to seek competitive bids, and in selecting a service provider to carefully consider all bids. 47 C.F.R. §§ 54.504(a), 54.511(a). FCC rules further require applicants to comply with all applicable state and local competitive bidding requirements. 47 C.F.R. § 54.504(a), (b)(2)(vi). In the May 23, 2000 *MasterMind Internet Services, Inc. (MasterMind)* appeal decision, the FCC upheld SLD's decision to deny funding where a MasterMind employee was listed as the contact person on the FCC Form 470, and MasterMind participated in the competitive bidding process initiated by the FCC Form 470. *Request for Review by Mastermind Internet Services, Inc., Federal-State Joint Board on Universal Service, Changes to the Board of Directors of the National Exchange Carrier Association, Inc.*, CC Docket Nos. 96-45 and 97-21, Order, 16 FCC Rcd 4028, FCC 00-167, ¶ 9 (rel. May 23, 2000). The FCC reasoned that under those circumstances, the Forms 470 were defective and violated the Commission's competitive bidding requirements, and that in the absence of valid Forms 470, the funding requests were properly denied. *Id.* Pursuant to FCC guidance, this principle applies to any service provider contact information on an FCC Form 470 including address, telephone, fax numbers, and e-mail address.
- Conflict of interest principles that apply in competitive bidding situations include preventing the existence of conflicting roles that could bias a contractor's judgment and preventing an unfair competitive advantage. See, e.g., 48 C.F.R. § 9.505(a), (b). A competitive bidding violation and conflict of interest exist when an applicant's consultant, who is involved in determining the products sought by the applicant and who is involved in the selection of the applicant's service providers, is associated with the service provider that was selected.

If your appeal has been approved, but funding has been reduced or denied, you may appeal these decisions to either the SLD or the FCC. For appeals that have been denied in full, partially approved, dismissed, or cancelled, you may file an appeal with the FCC. You should refer to CC Docket No. 02-6 on the first page of your appeal to the FCC. Your appeal must be received or postmarked within 60 days of the date on this letter. Failure to meet this requirement will result in automatic dismissal of your appeal. If you are submitting your appeal via United States Postal Service, send to: FCC, Office of the

Secretary, 445 12th Street SW, Washington, DC 20554. Further information and options for filing an appeal directly with the FCC can be found in the "Appeals Procedure" posted in the *Reference Area of the SLD web site* or by contacting the Client Service Bureau. We strongly recommend that you use the electronic filing options.

We thank you for your continued support, patience and cooperation during the appeal process.

This letter is being sent as an appeal as a **Request for Review** of a decision made by the SLD in a letter dated 3-22-05 to deny Form 471 Application #407237, FRN #s 1120341, 1120348, and 1120363 for funding year 2004. We never received this letter and were not aware of the denial until contact with our omnibudsman, Bob Spiller on June 23, 2005 and he emailed to us an electronic copy of the SLD's denial letter.

The FCDL rejected the entire Form 471 application since the FRN 1120363 was a "bidding violation" which tainted the entire application and resulted in the denial of the entire application. We agree that FRN 1120363 was in error and should not have been included on the form. However, we are requesting that the part of the application that was not in violation and meets all SLD requirements be approved. Specifically, we are requesting approval of the other two FRNs, #1120341 for \$50,674.68 for Minneapolis Public Schools' local telecommunications coverage and #1120348 for \$93.09 for their long distance coverage on this denied Application #407237 since they were not in violation.

For these two FRNs, the service providers are Qwest and MCI. We are the billed entity. Our Billed Entity # is **151067** and our Billed Entity Name is **Telecommunications Division, Dept of Admin, State of MN** on this application. (NOTE: As of 7-1-05 our organization name has changed to Office of Enterprise Technology.) It will result in users only putting one FRN on each Application in order to minimize their risk. This will result in the amount of Applications sent to the SLD to double or triple for the same requests. This creates more work and more costs for the SLD as well as the applicants.
